The new set of Articles will substitute/ replace the existing Articles of Association of the Company.

In terms of Section 5 and Section 14 of the Companies Act, 2013, the consent of the Members by way of Special Resolution is required for adoption of new set of Articles of Association of the Company.

The Board recommends the resolution as set out at Item No. 1 of the Notice for approval by the Members.

None of the Directors and Managers of the Company and Key Managerial Personnel and their relatives is concerned in any way or interested in the resolution except to the extent of their shareholding in the Company.

None of the Directors and Managers of the Company and Key Managerial Personnel and their relatives is concerned in any way or interested in the resolution except to the extent of their shareholding in the Company.

Item No. 4 & 5

As provided in Item No 4 & 5, proposed to be passed by the members of Raj Rayon Industries Limited (the 'Company') by way of a special resolution, shall be deemed to be an authorization and confirmation by the members of the Company, in terms of Regulation 10(1)(i) of Securities & Exchange Board of India (Substantial Acquisition of Shares and Takeovers)(Second Amendment) Regulations, 2015 to the Scheme of Strategic Debt Restructuring (SDR) approved by State Bank of India, Lead bank.

1.1 JLFs and justification for SDR

The Company, is involved in the business of Manufacturing of man-made Filament Yarn i.e. Polyester Texturised Yarn (PTY) & Fully Drawn Yarn (FDY). The Company's operations were severely affected due to the following reasons:

1. Shortage in Supply of Raw Materials in domestic market
2. Economic Slowdown leading to slowdown in Global Fibre and Textile Industry
3. Increase in capacity in the economy
4. Long Debtors cycle
5. Increase in Interest Obligation and debt pile up

In view of the above, Company had approached the Lenders for debt restructuring under CDR mechanisms. Subsequently, the Final Restructuring Package of the Company was approved by CDR EG during the meeting held on 24th March, 2014 and LOA was issued on 27th March, 2014.

During the review meeting held on 17th October, 2015, Company representative informed the Lenders that the Company was unable to regularize the accounts due to the following reasons:

1. Demand for the products manufactured by the Company had declined making it tough for the Company to sell its products even at Cost Price
2. Buyers were purchasing similar products from China due to 30% subsidy given to them
3. Duty on Raw Materials (PTA) had been increased
4. Also, in Silvasa, VAT charged had increased from 4% to 5%

Company informed the lenders that due to slowdown in the market for textured material along with reducing margins of the Company, second restructuring might not be viable for the Company. Also, they requested the Lenders to look for prospective buyers through Strategic Debt Restructuring since the Company did not have any prospective buyers.

Accordingly, the Lenders concluded on the following points:

- Lenders agreed to invoke SDR and accordingly decided to take up the matter with their respective competent authorities for in principle approval of SDR
- Lenders to appoint concurrent auditor to ascertain the current position of the stock
- Lenders to appoint suitable supervisory agency to monitor daily transactions post conversion of debt into equity.
- Lenders to meet again for invocation of SDR approval from competent authorities is received for the same

Subsequently, during the joint lenders' meeting held on October 26, 2015, resolution for invoking SDR was passed by all the Lenders based on approval from their respective Competent Authorities. As a result, Date of Reference, for asset classification purpose and for determining the timeline, is to be taken as October 26, 2015.

2 Strategic Debt Restructuring (SDR)

2.1 RBI guidelines on SDR

RBI introduced "Strategic Debt Restructuring Scheme" vide circular dated June 8, 2015. With a view to ensuring more stake of promoters in reviving stressed accounts and provide banks with enhanced capabilities to initiate change of ownership in accounts which fail to achieve the project viability milestones, banks may, at their discretion, undertake a 'Strategic Debt Restructuring (SDR)' by converting loan dues to equity shares.

2.1.1 Key features of SDR framework

- Under SDR, whole or part of the loan and interest outstanding to be converted into equity shares in the borrower company, so as to acquire majority shareholding by the lenders in the company.
- Post SDR, all lenders under the JLF must collectively hold 51% or more of the equity shares issued by the company.
- Decision on SDR is required to be approved by the majority of the JLF members (minimum of 75% of creditors by value and 60% of creditors by number)
- The invocation of SDR will not be treated as restructuring for the purpose of asset classification and provisioning norms.
- On completion of conversion of debt to equity as approved under SDR, the existing asset classification of the account will continue for a period of 18 months (stand-still in asset classification) from the reference date i.e. date of JLF's decision to undertake SDR.
- JLF and lenders should divest their holdings in the equity of the company in favour of a 'new promoter'. However, the quantum of provision on the date of divestment, which shall not be less than what was held as at the 'reference date', shall not be reversed.
- To implement SDR, necessary approvals including special resolution by the shareholders of the borrower company are required.
- The asset classification benefit is subject to the following conditions:
- The 'new promoter' should not be a person/entity/subsidiary/associate etc. (domestic as well as overseas), from the existing promoter/promoter group.
- The new promoters should have acquired at least 51 per cent of the paid up equity capital of the borrower company.

2.1.2 Regulatory exemptions

Parameters	Exemptions
Conversion of debt into equity	SDR excise to convert debt into equity would not be considered as restructuring for the purpose of asset classification and provisioning norms.
Pricing	Exemption from SEBI Issue of Capital and Disclosure Requirements Regulations, 2009 for issue of preference shares.
Open offer	Exemption from the obligation to make an open offer on acquiring 25% or more shares under regulation 3 and Regulation 4 of the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011.
Intra-group exposure	Exemption from regulatory ceilings/restrictions on Capital Market Exposures, investment in Para-Banking activities and intra-group exposure.
Mark-to-market loss	Exemption from the requirement of periodic mark-to-market for the 18 month period for the equity shares acquired under this scheme.
Refinancing of loan	On divestment to a 'new promoter', banks may refinance the existing debt of the company without treating the exercise as 'restructuring' subject to banks making provision for any diminution in fair value of the existing debt on account of the refinance.
Investor-associate	On holding more than 20% of voting power, such investment may not be treated as investment in associate in relationship case of SDR.

CDR package provides for conversion of FITL/defaulted amount as per the option of the lenders. It is proposed to convert FITL/ defaulted overdue amount of ₹36.06 Crores by lenders into fully paid up equity shares of the Company at par, under the RBI guidelines for SDR. Similarly SDR scheme empowers the lenders to convert their defaulted overdue into equity shares of the company.

The Board of Directors recommends the resolutions as set out at item no. 4 & 5 for Members approval.

None of the Directors and Managers of the Company and Key Managerial Personnel and their relatives is concerned in any way or interested in the resolution except to the extent of their shareholding in the Company.
